Form 2 CONSTRUCTION REGULATIONS AND DECLARATION OF SAFETY RESPONSIBILITY

Deadline: 17th May. 2024

In order to strengthen the safety management of NECC' s facilities and exhibiting booth construction at the fairground and to avoid any accident, we, the raw space booth contractor, guarantee that we will strictly comply with the following regulations during the build-up/dismantling period:

1. To strictly adhere to the national and local governmental policies on safe production and fire prevention and to implement the related regulations.

2. Each stand contractor should pay relevant fees and submit respective application forms & drawings for stand construction approval according to request of the organizer and NECC. The booth must be built according to approved drawings submitted.

3. During the build-up/show/dismantling period, each stand contractor should appoint an onsite full-time manager responsible for the safety and fire prevention of stand construction. The onsite manager should be reachable by phone at all times and take care of the safety.

4. We, the raw space exhibitor and stand contractor, have studied this Exhibitor Manual, including this form. We hereby accept that all terms in the Exhibitor Manual are recognized as legally binding in all parts and declare that the stand construction will comply with all regulations stated in the manual. We will be to blame and take all responsibilities if violating the relevant regulations and will accept all penalties from the management of the organizer and NECC.
